

COLUMN DRILLING MACHINE

Model: STH 25

TECHNICAL FEATURES

- Belt drive pulley manual speed change
- Precision spindle with hardened morse taper
- LED light illuminating working area
- Net Weight 120 kg
- Total Height 1650mm

TECHNICAL DETAILS:

Drill Capacity (max.)	25mm
Morse Taper	3mm
Speeds	5n
Spindle Travel	120mm
Column Diameter	92mm
Distance from column to spindle center	220mm
Distance from table to spindle center	765mm
Distance from base to spindle center	1230mm
Table dimension	335x350mm
Base Dimension	420x620mm
Power of Motor	1.1kw
Spindle speeds	From 150 – 2450 RPM
