

THICKNESSER MACHINE

Model: S 52 ELITE S

The new Elite S thickening planer with 520 mm working width, professional, massive and compact, for a high-flexible production; ideal for the demanding craftsman and carpentry.

TECHNICAL DATA:

Working width	520MM
Cutter block diameter / standard knives	120 / 4 mm / n.
Feed speed on thickener	5/8/12/18 m/min
Min. ÷ max. working height on thickener	3 ÷ 240mm
Three-phase motor starting from	7kW (9,5hp) 50Hz 8kW (10hp) 60Hz

ADVANTAGES:

- Optimal planning with minimum effort, with the 120 mm spindle diameter and 4 knives.
- The productivity optimization is easier, with the user friendly 4-feed speeds selector.
- Great operating comfort: powered height adjustment of the thickening table with display. For demanding machining's, it is available the thickening table with two removable idle rollers(option).
- Very high power provided as standard: 5 kw (6,6 hp) f 52 elite s, 7 kw (9,5 hp) s 52 elite s

LAROSA
Hardware & Equip. Co. L.L.C
Machinery Consultant & Supplier Since 1996

Industrial Area 2,
P.O Box : 41007,
Sharjah-U.A.E

MACHINE FEATURES:

OPTIMAL PLANING WITH MINIMUM EFFORT
with the 120 mm spindle diameter and 4 knives

LONG LASTING STABILITY AND PRECISION:
the thickening table lifts on 4 spindles with dust protected trapezoidal threads

TOTAL SAFETY AND CONTROL, high rigidity fence with a smooth movement due to the central locking on round bar

GREAT OPERATING COMFORT: powered height adjustment of the thickening table with display. For demanding machinings, it is available the thickening table with two removable idle rollers (option)
