

PISTOL GRIP PITTSBURGH SEAM LOCKER MODEL: SP - 240476

Here's the Pittsburgh Lock Seam Superior Air Hammer that can cut your finishing time up to 80%. They can be used to fold over or "seam" metal to 22 gauge and lighter on general fabricating, run Pittsburgh Lock Seams on ductwork, tubes, doors, panels, etc. Operators require no special training or skill. The finished seam is neater and more uniform than seams hammered by hand. Fabricating plants using the adapters claim that one operator's production equals that of eight hand-hammering workmen.

Technical Details
